

Dear Readers, Researchers, and Contributors,

Welcome to the inaugural edition of the **Journal of Medical and Dental Frontiers!**

In launching this esteemed journal, we embark on a journey to explore the uncharted territories where medicine and dentistry converge. The landscape of healthcare is ever-evolving, and at the crossroads of these two critical disciplines, we find a rich tapestry of opportunities for groundbreaking research, innovative practices, and collaborative advancements.

Our mission is encapsulated in the tagline, "**Exploring Frontiers, Inspiring Perspectives.**" We aim to be a beacon for those pushing the boundaries of conventional wisdom, delving into the frontiers of medical and dental sciences to uncover new knowledge and foster a deeper understanding of the intricate connections between these fields.

As we stand at the intersection of medicine and dentistry, we invite researchers, practitioners, and thought leaders to contribute to our journal. We seek articles that not only showcase the latest developments in both disciplines but also bridge the gaps, offering interdisciplinary insights that have the potential to revolutionize patient care and shape the future of healthcare.

As a biannual publication, the Journal of Medical and Dental Frontiers seeks to provide a semi-annual platform for the exchange of ideas, knowledge, and insights within the realm of healthcare. We invite researchers, practitioners, and thought leaders to contribute to our journal, sharing articles that not only showcase the latest developments in both disciplines but also bridge the gaps, offering interdisciplinary insights that have the potential to revolutionize patient care and shape the future of healthcare.

The Journal of Medical and Dental Frontiers is more than a repository of scholarly articles; it is a platform for collaboration, dialogue, and inspiration. We envision a community where diverse perspectives converge to create a holistic understanding of health, and we invite you to be a part of this intellectual journey.

Our editorial team is committed to maintaining the highest standards of peer review and editorial excellence. Together, let us build a journal that not only disseminates knowledge but also cultivates a community of thinkers, doers, and visionaries who are dedicated to advancing the frontiers of medical and dental sciences.

Thank you for joining us on this exciting venture. We look forward to the impactful contributions that will shape the future of healthcare and redefine the boundaries of medical and dental knowledge.

With enthusiasm for the journey ahead,

Dr Preeti Kale

Editor-in-Chief
